CLEANWEB
SOLAR HACKATHON

JUNE 8 - 10

Can you build an app in a weekend?

Do you thrive in dynamic teams?

Are you a creator, visionary and executor all in one?

Come hack solar.

The Solar Hackathon brings innovative programmers, designers, and business minds together for one weekend to develop ways to accelerate solar energy adoption. Participants build web-based solutions to make it easier, more efficient, and more enjoyable for people to power their lives with sunshine.

Create novel mobile tech solutions that will shape the future of the solar industry. **Compete** and with creative professionals to form teams and build web-based apps. **Network** with community members, industry specialists, and investors. **Win** cash prizes for the best apps:

$2000 - Best Overall App
$1000 - Best User Experience
$1000 - Best Technical Accomplishment

SIGN UP AT **SOLAR.CLEANWEB.CO/**
